

SOUTHLAND Water and Land Plan

PART B

Proposed Southland Water and Land Plan Part B - Maps

4 April 2018

(Decisions Version)

Minor amendments to Map Series 7 on 7 May 2024

ISBN 978-0-909043-25-4
Publication number 2018/3

Contents

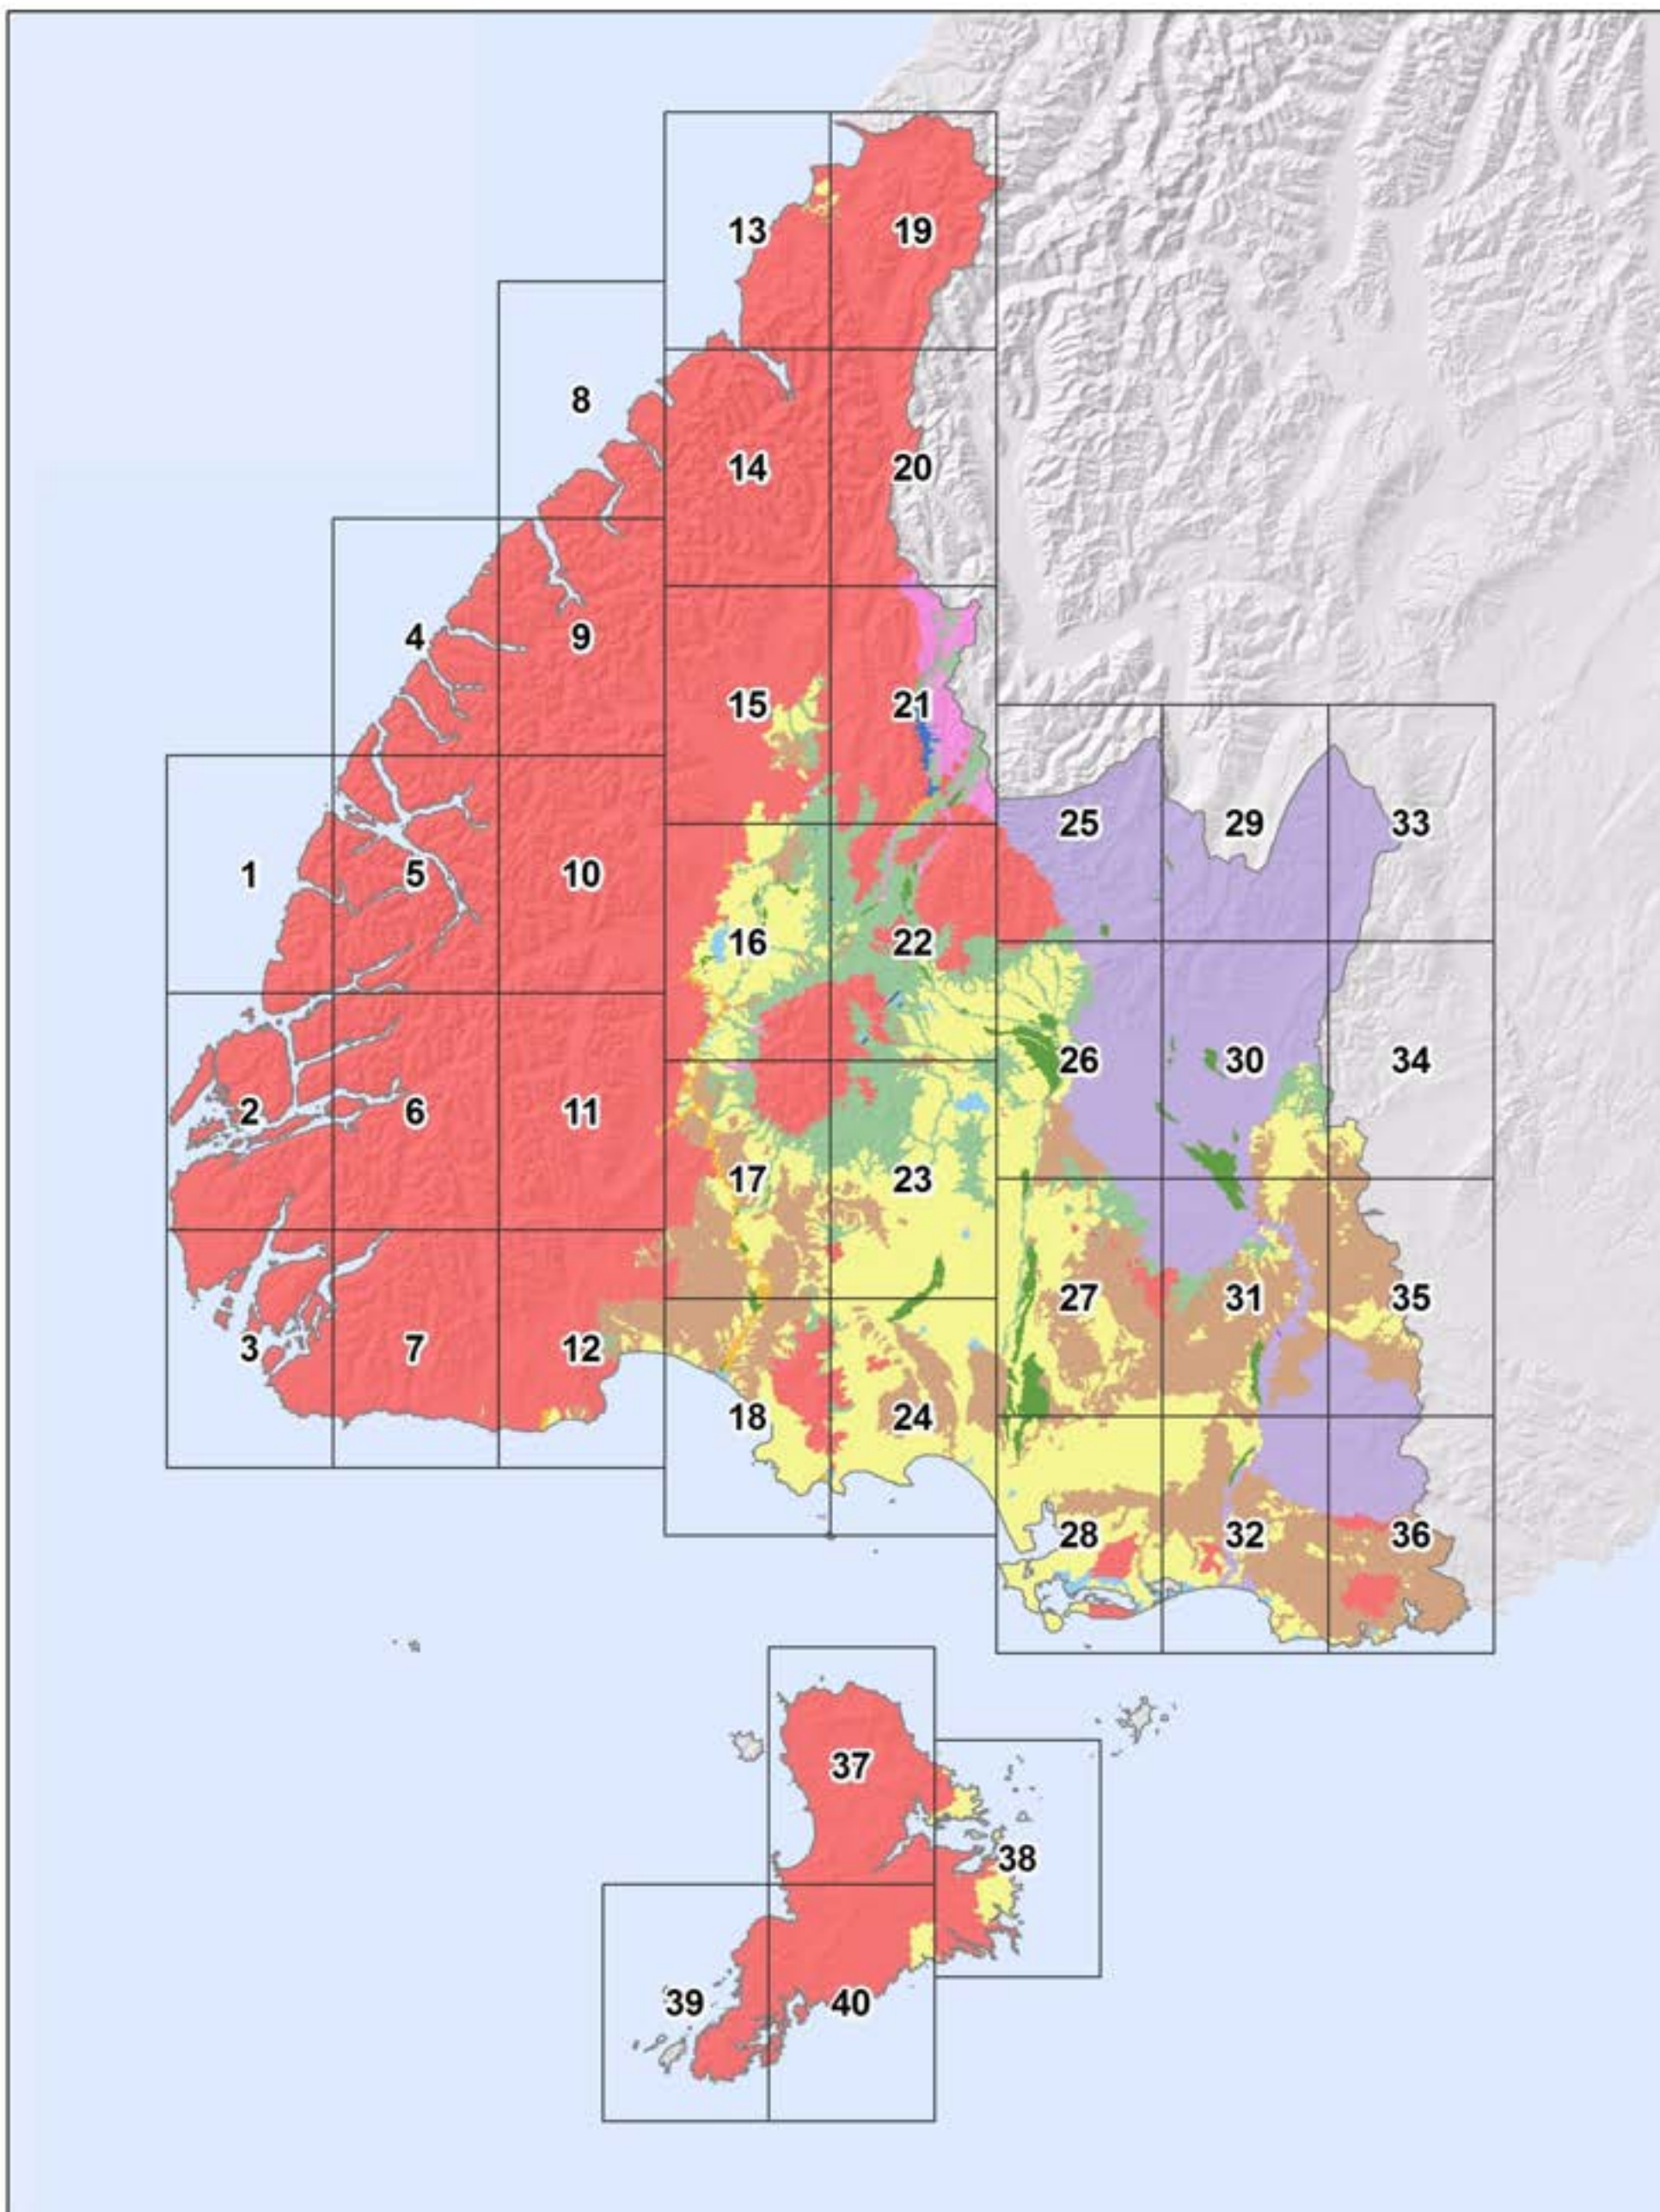

Part B - Maps

Map Series 1: Water Quality	3
Map Series 2: Waiau Catchment.....	44
Map Series 3: Groundwater Management Zones	45
Map Series 4: FDE (Farm Dairy Effluent) Risk	78
Map Series 5: Fire Hazard Zones.....	79
Map Series 6: Freshwater Management Units	80
Map Series 7: Regionally Significant Wetlands and Sensitive Waterbodies	81

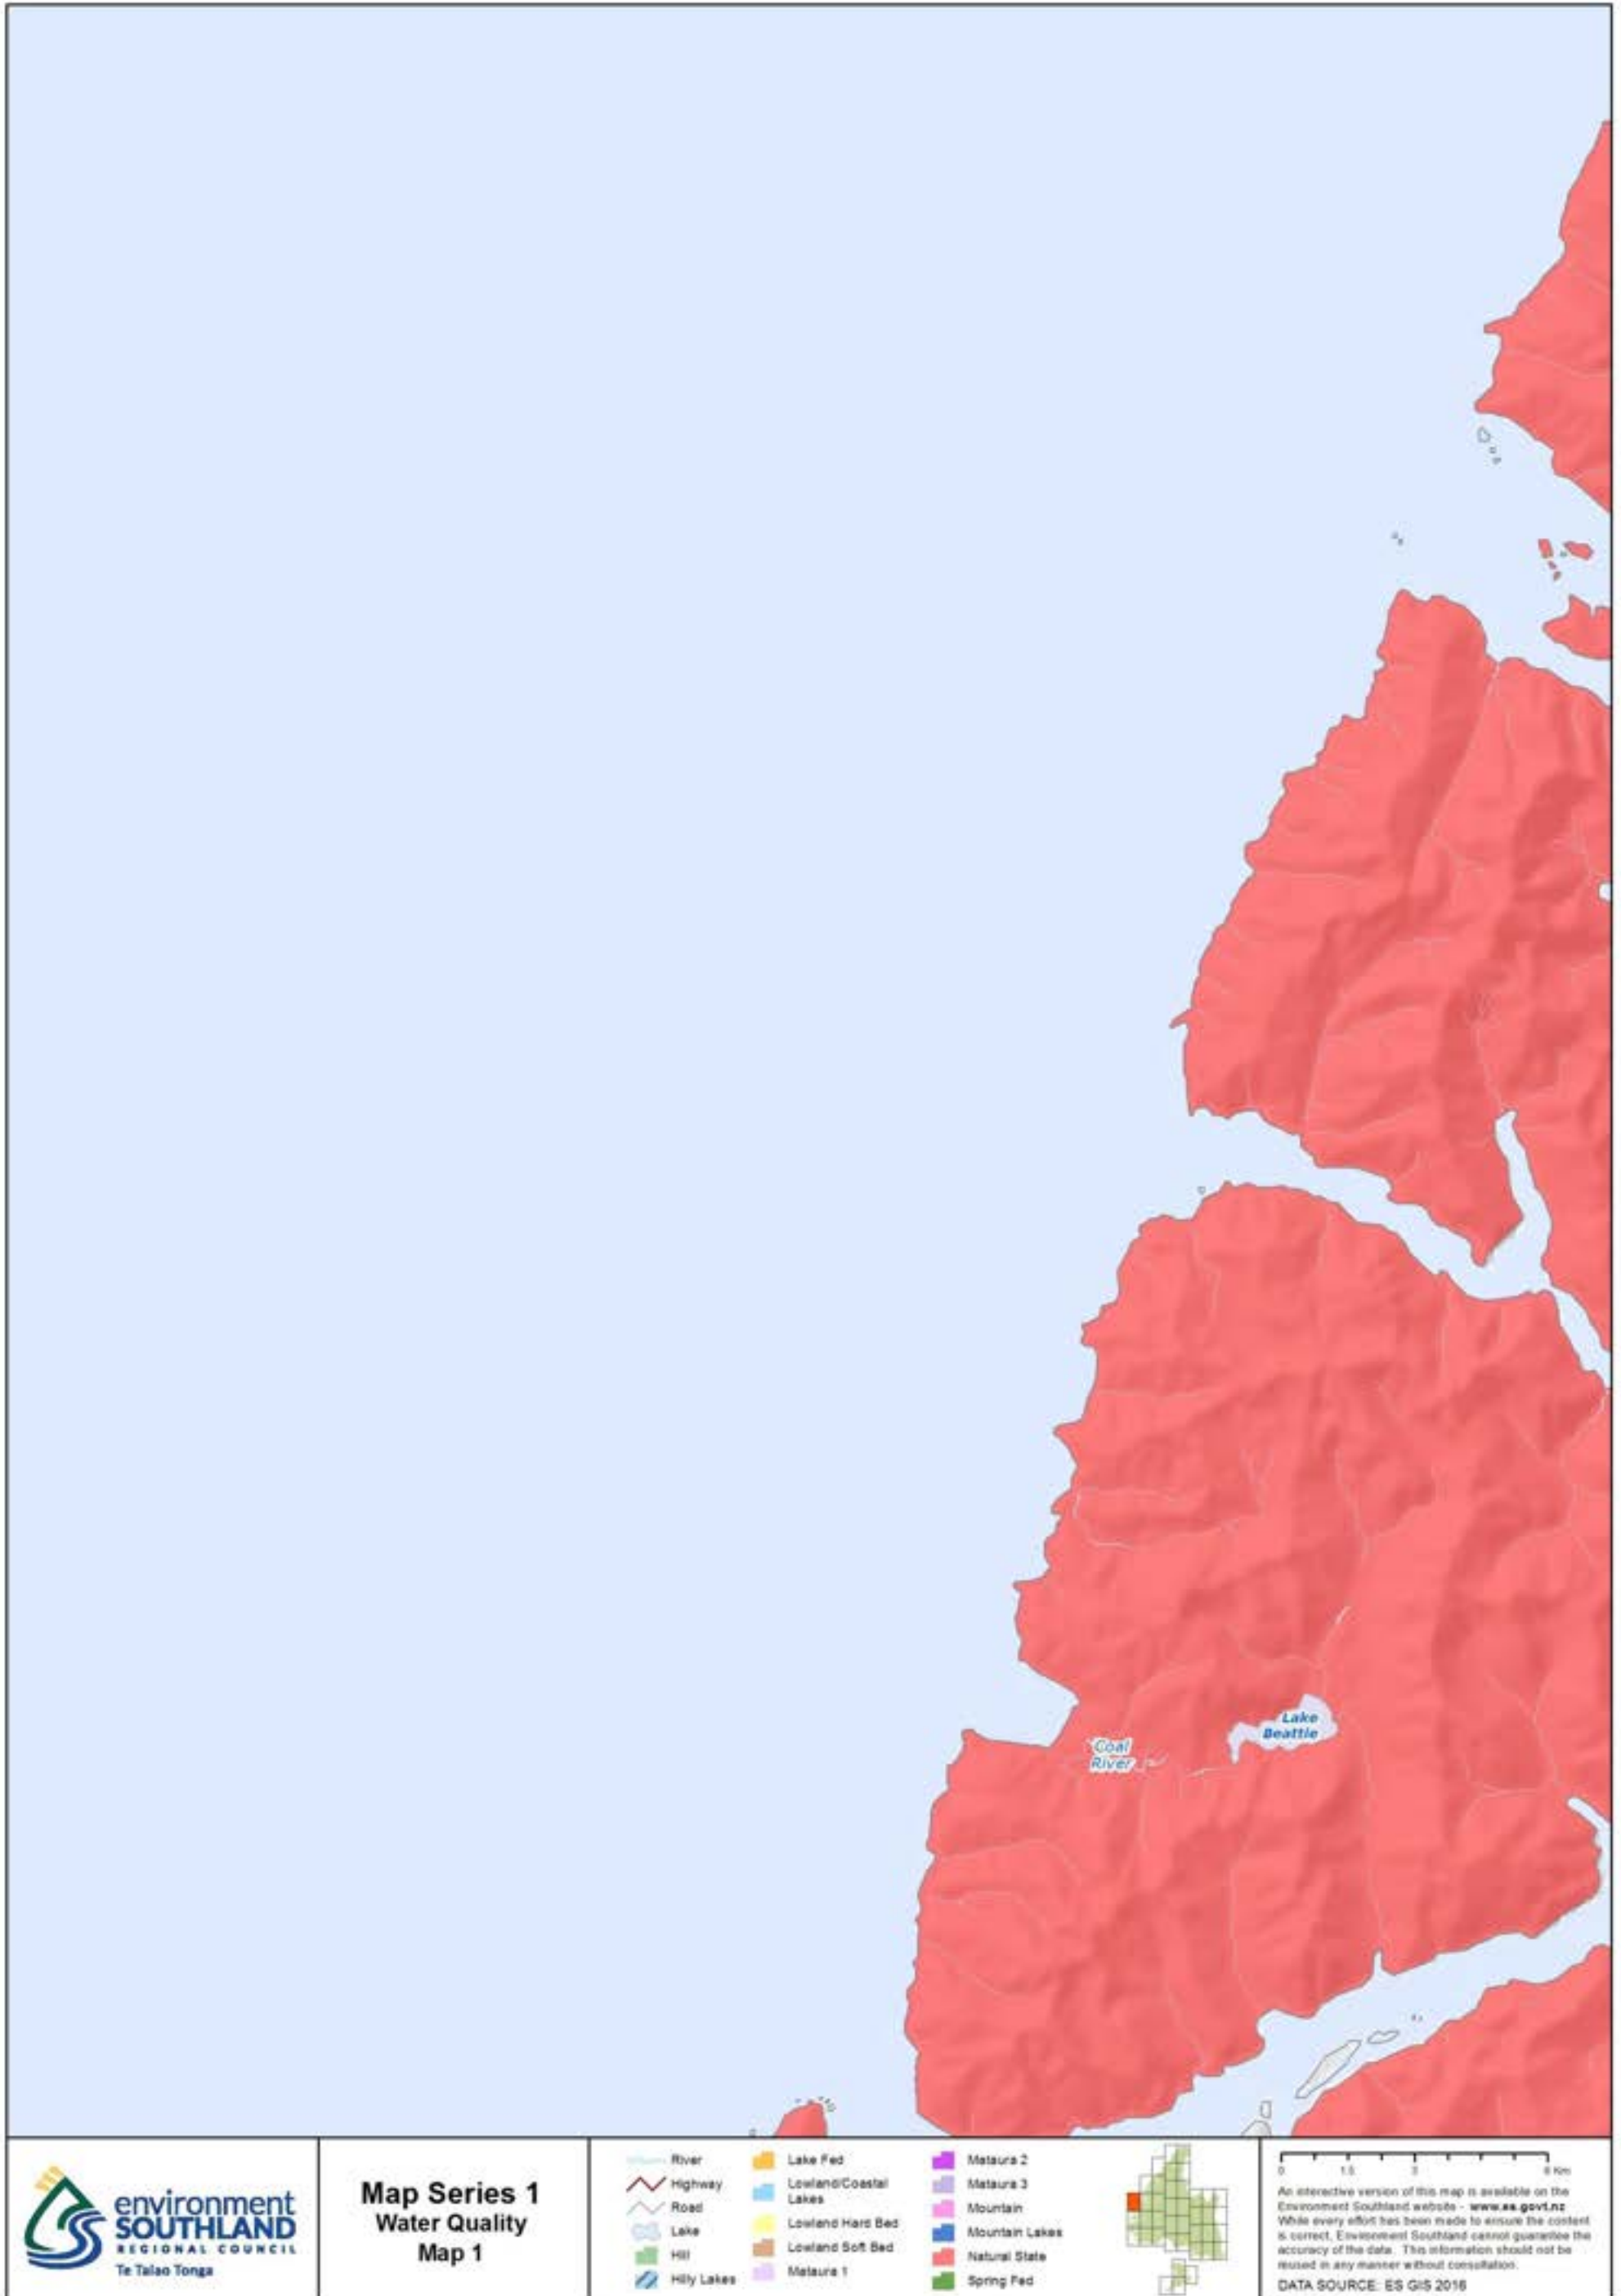

More detailed maps are available upon request from Environment Southland’s offices.

Interactive maps showing the above maps with a “zoom in” function is available on the Environment Southland website www.es.govt.nz

Map Series 1: Water Quality

	<p>Map Series 1 Water Quality Map Index</p>	<table border="0"> <tr> <td> Hill</td> <td> Lowland Hard Bed</td> <td> Mountain</td> </tr> <tr> <td> Hill Lakes and Wetlands</td> <td> Lowland Soft Bed</td> <td> Mountain Lakes and Wetlands</td> </tr> <tr> <td> Lake Fed</td> <td> Mataura 1</td> <td> Natural State</td> </tr> <tr> <td> Lowland / Coastal Lakes and Wetlands</td> <td> Mataura 2</td> <td> Spring Fed</td> </tr> <tr> <td></td> <td> Mataura 3</td> <td></td> </tr> </table>	Hill	Lowland Hard Bed	Mountain	Hill Lakes and Wetlands	Lowland Soft Bed	Mountain Lakes and Wetlands	Lake Fed	Mataura 1	Natural State	Lowland / Coastal Lakes and Wetlands	Mataura 2	Spring Fed		Mataura 3		<p>These maps depict various management units for water quality. These management units apply to surface water only with the exception of the Natural State management unit. The definition of Natural State and Spring-fed in the Glossary of the Plan should be referred to for the detail of the waters included in (and excluded from) these management units. In particular, while the surface water at the eastern end of the Tiwai Peninsula is included within the Natural State management unit, none of the groundwater within the Tiwai groundwater zone is included within the Natural State management unit due to the long term use of groundwater in that zone for the supply of water for industrial purposes.</p>
