For **now**
& **our future**

We have farmed in this catchment for over 150 years and have gone duck shooting and trout fishing at the lake all that time.

The lake needs let out at 2 meters, as in a very bad weather event at times waiting on a suitable tide and calm weather to let it go often it will be at 2.2 meters by the time it is let out.

Recreational users, fisherman, duck shooters, walkers and family's want to be able to have access to the area. At the proposed water levels the bridge and Waghorn road will be closed for large periods of time.
