Applicant details

Name of applicant anthony marshall
Activity location waituna lagoon road
Application number aPP20242456.pdf

Submission details

My submission relates to the whole application
Details of my submission

Yes
the best time to open the lagoon is kings birthday weekend onwards. Failing to do so causes the lagoon to overheat during summer (2023) as i am sure your experts will agree. Opening at a certain level is just insane. If not opened at a high point in winter not enough flow will be generated to flush the lagoon out properly and keep it open. If incompetence is required stick to your 2.5 m levels and see what happens. Question . When it

For now
& our future

used to cost between \$1500 to \$3000 to open the lagoon why does it now cost \$150000 without any work even started. Asylum doors are open and the inmates are in charge. Also have any of your so called experts seen the bridge at Waghorn road since the level has been at 2.5 m. They may be surprised to see the \$300000 of recent repairs and road underwater. Well done.

Submission uploaded

No

I am a trade competitor of the applicant (for the purposes of section 308B of the Resource Management Act 1991)

No

Outcome sought

I wish Environment Southland to make the following decision I am neutral.

Why I wish Environment Southland to make this decision as above

Hearing details

I wish to be heard in support of my submission No

I wish to be involved in any pre-hearing meeting that may be held for this application No

Confirmation

I will serve a copy of my submission on the applicant and I confirm all of the above information is correct

For **now**
& **our future**
